Personal Website

EDUCATION

The University of Texas at Austin (*Austin, Texas)* ***Graduating 12/27***

Master of Science in Artificial Intelligence

- Prominent Coursework: Machine Learning, Deep Learning, Planning Search and Reasoning Under Uncertainty, Advances in Deep Learning, Online Learning and Optimization, Reinforcement Learning, AI in Healthcare

The University of Texas at Dallas (*Richardson, Texas)* ***12/25***

Bachelor of Science in Computer Science

- Prominent Coursework: Software Engineering, Data Structures and Algorithms, Computer Architecture, Artificial Intelligence, Machine Learning, Systems Programming in UNIX and Other Environments

Data Science Certification

- Prominent Coursework: Statistical Learning, Data Analysis in R, Scientific Computing using Python, Methods of Applied Mathematics, Linear Algebra

HONORS & AWARDS

Goldman Sachs Excellence in Computer Science Scholarship *June 2024*

- Awarded by Goldman Sachs to one undergraduate upperclassman in the Erik Jonsson School of Engineering and Computer Science each year determined by merit, GPA, participation in organizations, and more

Dean's List

- Awarded each semester for achieving a GPA in the top ten percent of students in each respective school

Academic Excellence Scholar

- Scholarship awarded to students based on need and merit.

PROJECTS

VibeMap – AI Playlist Creator

- Co-developed this full-stack application with a Machine Learning pipeline to generate cohesive playlists into a user's account using a given playlist
- Scikit-Learn and Librosa libraries are used as well as Spotipy API calls.

Personal Website

- Developed a personal website with web-based applications using Tailwind CSS, HTML, and JavaScript

PEFT-Conformal FoV Prediction for 360 Video Streaming

- Lightweight Transformer used to predict a user's FoV, personalized using a small LoRA model to fit real-time constraints
- Adaptable to bandwidth as well, with ~90% accuracy on user's next FoV focus.

_Experience

AI Researcher, *Handshake AI Fellowship*

- Evaluates AI-generated responses across different axes of generation following project trainings and calibration exams
- Extreme attention to detail with a quality assurance score above 98 percent of contractors

SKILLS, TALENTS & ACHIEVEMENTS

Foundational C# with Microsoft Certification *Feb 2024*

Proficient skills:

- Python, C++, Scikit-learn, JavaScript, Collections Framework, Tailwind CSS
- Leadership, Team building, Communication, Critical-thinking and Problem-solving through participation in student organizations and as a leader in band

Spanish full working proficiency, English Native proficiency
